

Loaded Ladle Board Nomination Form 2018

*Please return this form to either the Loaded Ladle office (Rm B24, SUB) or email it to info@loadedladle.com.
Nomination forms are due April 2nd at 5pm*

The Loaded Ladle is a non-profit, open cooperative of students and community members dedicated to providing affordable, diverse, fresh, and healthy food to as many people as possible. We aim to tackle the unjust global food system by providing a local alternative. We are always available to answer questions or discuss food sovereignty, food justice and food security.

The Ladle is run by staff, volunteers, and a volunteer board of directors, who are elected each spring at our Annual General Meeting. The board is involved with logistics and general operations of the cooperative. A board member can do a variety of things and ideally contribute to the areas where they find the most inspiration! The Loaded Ladle is, and will become, whatever the collective puts into it. This means that being a board member is a really exciting and open opportunity to make a unique contribution to your campus and community!

For more details on what a board member's role at the Ladle is, visit our website: loadedladle.com/join-the-board. We can assist in providing more information and in helping you to complete this application form.

Please take some time to answer the following questions. Completed forms should be submitted to the current Board by dropping off to the Ladle office (Rm B24, SUB) or email it to info@loadedladle.com

1. What's your past involvement with the Loaded Ladle (e.g. volunteered in the kitchen/ ladle's garden plot, and/ or attended ladle's workshops/ To the Root)? Are you active with a group we work with in the community? What is your connection to either the Loaded Ladle or our activities?

2. What interests you about the Loaded Ladle board? What are your experiences of collective planning, of working together to provide a community service?

3. What experiences and perspectives can you share to enrich the Loaded Ladle's pursuit of [food and social justice](#)? (not sure about the terms, read more about it via the hyperlink)

4. What are some things you would like to do, skills you can offer, and skills you would like to build from your participation in the Loaded Ladle board?

5. We recognize that the people most affected in the struggle for food justice and food sovereignty are people from historically marginalized groups, such as (but not limited to) people of colour, indigenous people, women, immigrants, individuals with disability, trans and gender variant people, etc. We value lived experience and an interest in food justice work that takes this into account. Is there anything you would like to share about yourself that speaks to this priority?
